In order to use the Software, you must first agree to this Agreement. You may not use the Software if you do not accept this Agreement. You can accept this Agreement by clicking to accept or agree to this Agreement, where this option is made available to you by us in the user interface for any service; by executing a purchase order referring to this Agreement; by paying an invoice referring to this Agreement; or by actually using the Software. You understand and agree that we will treat your use of the Software as acceptance of this Agreement from that point onwards.

ATALASOFT, INC.SOFTWARE DEVELOPMENT KIT LICENSE AGREEMENT
FOR ATALASOFT PRODUCTS

1. INTRODUCTION.
   (a) Use of Software Subject To Agreement. Your use of our software (referred to collectively as the “Software” in this document and excluding any services provided to you by us under a separate written agreement) is subject to the terms of this legal agreement between you and us, as amended from time to time (the “Agreement”).
   
   (b) Acquisition of Licenses. You acquire Licenses and related services subject to this Agreement by submission of Purchase Order(s) and payment of amounts due thereunder or by making a credit card payment specifying the type, quantity and term of such software and services, as of result of which you are entitled to the rights and services set forth in this Agreement.
   
   (c) Parties. The term “You” or “you” means the company, entity who is executing or otherwise taking action to be bound by this Agreement; “we” or “us” means Kofax, Inc., a Delaware corporation, dba Atalasoft, Inc., a Massachusetts corporation, and “both of us” means both you and us. Certain other terms have the meanings given them in Section 15.

2. ACCEPTING THIS AGREEMENT.
   (a) Agreement to Terms. Your use of our Software, is subject to your acceptance of the terms of the Agreement whether by (a) clicking to accept or agree to this Agreement, where this option is made available to you; (b) by executing a Purchase Order referring to this Agreement; (c) by paying an invoice referring to this Agreement; or (d) by simply using the Software.
   
   (b) Acceptance of Terms by an Organization. If you are entering into this Agreement on behalf of a company or other organization, you represent that you have the authority to bind your company or organization to this Agreement.

3. LICENSE FROM US.
   (a) Grant of License - Usage in General. Subject to this Agreement, we give you a personal, worldwide, non-exclusive right to use the Software in object code form only (except as otherwise specifically set forth below) in the quantity and for the purposes set forth below, depending on the particular License you have acquired. You may use the Software solely for the purpose of designing, developing and testing your License you have acquired. You may use the Software in connection with such use, you may modify the source code versions of sample files, if any, included with the Software for the purpose of creating your Application.

   You may distribute the Application you make containing our Software subject to the limitations of and type of use set forth below under “License Types.”, and subject to the following conditions: (i) you may not permit further redistribution of our Software by your Customers, (ii) you must distribute your applications under a written agreement that prohibits reverse engineering, decompilation or disassembly of the applications(s) and requires your Customers of the Applications to abide by the conditions stated in this Agreement and (iii) without our consent, or as required in below, you may not use our name, logo or trademarks to market your application.
   
   (b) License Grant - Length of Term. The provisions of this licensing agreement are effective unless terminated. FOLLOWING THE EXPIRATION OF THE APPLICABLE MAINTENANCE AND DEPLOYMENT TERM, YOU MAY NO LONGER USE THE SOFTWARE TO DEPLOY NEW UNITS OF APPLICATIONS. Unless otherwise
expressly provided, however, your Customers continue to have the right to use Applications (including the incorporated Software) and you have the right to use the SDK to maintain Applications (including the incorporated Software) supplied to them prior to the expiration of the term of the related Maintenance and Deployment Term. Any use of the Software beyond the scope of authorized licensing is subject to payment of additional license fees based upon the list price of the associated quantity of additional licenses utilized.

(c) License Types.

(i) SDK License. You are required to purchase an SDK License for the Software that is in use in your Application. Each SDK License includes one Developer Build License. Included in the purchase of each SDK License is one year’s worth of maintenance as defined in section 6 at 20% of the purchase price and the right to deploy new licenses as defined in 3(b) at 16% of the purchase price. Should you wish to continue to receive maintenance services and deployment rights as further defined in 3(b), a fee of 20% and 16%, respectively, of the license price is required and payable prior to the end of the existing maintenance and deployment term.

(ii) Developer Build License. Use of the Software requires one Developer Build License per Developer and per Automated Build Machine. For the avoidance of doubt, in the event that a Developer utilizes an Automated Build Machine, a quantity of two licenses are required. Licenses are non-transferable between Developers. For example, if a company has two developers that will use the Software, the company requires two Licenses. This is the case even if the developers will not be working with the Software at the same time. This is also the case if a project involving the use of the Software is transferred from the original developer to a new developer and if the original developer returns within a one-year period. Included in the purchase of each Developer Build License is one year’s worth of maintenance as defined in section 6 at 20% of the purchase price and the right to deploy new licenses as defined in 3(b) at 16% of the purchase price.

(iii) Specialized Deployment Licenses. If your Application is described by any of the categories below, it requires a specialized license as described in that category; the general deployment licenses described in section 3(c)(iv) are not applicable.

(A) Client Applet Server License. Allows Application built with Software to be deployed to a single “Client Applet Server”, which are Applications Servers used to directly deploy Software to the client to use the Software directly from a browser, such as ActiveX components that are deployed via CAB files, and DLL’s that are distributed via Microsoft .NET Web Deploy only when functionality is integrated within a browser. A Server license can be purchased for each Server, regardless of the number of CPU’s, to cover this deployment scenario.

(B) Cloud Application License. Allows a single Application built with Software to be deployed to a cloud environment defined as a group of physical or virtual Servers that can be elastically provisioned to run the Application. Contact the Atalasoft Sales Department to discuss the specifics of deployment licensing and pricing.

(C) Embedded Hardware License. Allows Application built with Software to be Embedding the Software in a Hardware Device defined as equipment that is not a Single User Client or Multi User Kiosk or Server. Example devices include: scanners, printers, fax machines, digital cameras, hard drives, network devices, and multi-task office machines. Contact the Atalasoft Sales Department to discuss the specifics of deployment licensing and pricing.

(D) Hardware Bundled License. Allows Application built with Software to be bundled with Hardware/Devices/Computers. “Bundling” is defined as Software that is sold with a computer or other hardware component as part of a package. Contact the Atalasoft Sales Department to discuss the specifics of deployment licensing and pricing.

(E) COM Callable Wrapper License. Atalasoft .NET imaging toolkits are designed to be used from other .NET applications. In the understanding that some licensees need to take advantage of the components using unmanaged code the licensor can accommodate by providing a custom license. This custom license will allow a licensee to call Atalasoft.NET assemblies from non .NET applications by developing a COM Callable Wrapper. Contact the Atalasoft Sales Department to discuss the specifics of deployment licensing and pricing.

(F) Enterprise License. Allows Application to be built and utilized on the number of Server licenses purchased, with such servers being designated only for use on either a production or non-production server, in
accordance with the specified licenses purchased. Associated SDKs under Enterprise License may only be distributed internally for a single company’s usage and internal development purposes. The Enterprise License is solely for the internal use purposes of the specified enterprise receiving such license, such that any and all re-distribution, transfer, or sublicensing to third parties is strictly prohibited.

(iv) General Deployment Licensing. If any Applications built from Developer Licenses are not described by the specialized categories in Section 3(c)(iii), you may deploy it in accordance with the following conditions applicable to the applicable License described in this Section 3(c)(iv) as long as the Maintenance and Deployment Term is active for each related SDK and Developer Build License. (Note: In the case of WingScan products, maintenance is required on all servers in order to purchase and deploy any additional servers)

(A) Desktop Client License Allows Application built with Software to be deployed to a “Desktop Client” defined as an “end-user” personal computer (PC) operated by a person that may have Applications installed that directly, or indirectly, utilize the Software. Software listed in Exhibit A may be deployed to an unlimited number of Desktop Client Licenses during the Maintenance and Deployment Term for all Software used in Application. In the case of licensing the Mobile SDK, as described in Exhibit A, mobile devices can be deployed to in lieu of a Desktop Client.

(B) Server License. Allows Application built with Software to be deployed to a single Server per License. Please note that a “Server” is defined below as a non-user physical or Virtual computer, configured with the intention of multiple users accessing it as a service, or as a background service run as an automated process for any kind of service that has Software loaded into the server’s RAM. Each Server license allows a single installation to a Production Server and a single installation to a Non-Production server or two installations to a Non-Production server. Included in the purchase of each Server License is one year’s worth of maintenance as defined in section 6 at 25% of the purchase price. Please note that a “Server” is defined below as a non-user physical or Virtual computer, configured with the intention of multiple users accessing it as a service, or as a background service run as an automated process for any kind of service that has Software loaded into the server’s RAM. Each Server license allows a single installation on either a Production Server or Non-Production server. Included in the purchase of each Server License is one year’s worth of maintenance as defined in section 6 at 20% of the purchase price. In the case of DotViewer, a Server License allows Application built with Software to be deployed to a single Server per License. Maintenance is required on all servers in order to purchase and deploy additional servers.

(C) MobileImage SDK License. Allows Application built with Software to be deployed to a “Mobile Client” defined as an “end-user” mobile device (PC) operated by a person that may have Applications installed that directly, or indirectly, utilize the Software. Software listed in Exhibit A may be deployed to an unlimited number of Mobile Clients Licenses during the Maintenance and Deployment Term for all Software used in Application. Included in the purchase of each SDK License is one year’s worth of maintenance as defined in section 6 at 36% of the purchase price. Should you wish to continue to receive maintenance services and deployment rights, a fee of 36% of the license price is required and payable prior to the end of the existing maintenance and deployment term.

(D) MobileImage Per Device License. Allows Application built with Software to be deployed to a “Mobile Client” defined as an “end-user” mobile device (PC) operated by a person that may have Applications installed that directly, or indirectly, utilize the Software. Customer is required to purchase Per Device Licenses. Included in the purchase of each Per Device Volume License is one year’s worth of maintenance as defined in section 6 at 20% of the purchase price. Should you wish to continue to receive maintenance services and deployment rights, a fee of 20% of the license price is required and payable prior to the end of the existing maintenance and deployment term.

(1) A Server License is required for each physical or Virtual Server where Software is loaded into the Server’s RAM.

(E) Licensee Evaluation License. You may supply our Software to your licensees under an “Evaluation License”, under which you grant the licensee the temporary, non-exclusive, non-transferable right to your Application with our Software in object form only, solely for evaluation purposes, but not for general production use, during an evaluation period not to exceed thirty (30) days. Unless otherwise specified in an agreement with us no royalty or other payment is due to us for such usage. In no event do we accept responsibility for warranty or support with respect to such usage.
4. LIMITATION ON YOUR USE

(a) Restrictions on Use. You may not (and you may not permit anyone else, on your behalf or otherwise, to) copy, modify, create a derivative work of, reverse engineer, decompile or otherwise attempt to extract the source code of the Software or any part thereof, unless this is expressly permitted or required by law, or unless you have been specifically told that you may do so by us, by an authorized representative in writing.

(b) Restrictions on Access. You agree not to access (or attempt to access) any of the Software by any means other than through the interface(s) that are provided by us, unless you have been specifically allowed to do so in a separate written agreement executed by us. In particular, this Agreement does not allow for exposing of the application programming interface (API) functionality to non-licensed users. YOU MAY NOT CREATE A DYNAMIC LINK LIBRARY (DLL) THAT EXPOSES OR WRAPS FUNCTIONALITY OF THE SDK TO A NON-LICENSED DEVELOPER.

(c) Compliance with Law. You agree to use the Software only for purposes, and in a manner, permitted by (i) this Agreement and (ii) any applicable law, regulation or generally accepted practices or guidelines in the relevant jurisdictions including, without limitation, any regulations of the United States Bureau of Export Administration and other applicable governmental agencies (including all applicable US export restrictions).

(d) Restrictions on Sublicense or Assignment. This Agreement and any license granted under this Agreement are personal to you (and your Personnel in the course of their work for you), and do not include the right to sublicense your rights under this Agreement to any third party. You may not transfer or assign, by operation of law or otherwise, this Agreement or your license to any third party without our prior written consent, which may be withheld in our sole discretion for any reason or for no reason. Notwithstanding the foregoing, you may permit your employees, consultants or other third-party service providers (collectively, “Personnel”) to access and use the Software on your behalf; provided that you shall be responsible for ensuring that your Personnel comply with this Agreement and any applicable end user license agreement to which they assent. If you acquire a third party entity or acquire substantially all of the assets of a third party entity, or are acquired by a third party, in each case, whether by merger, change of control, sale of assets, consolidation or otherwise, such event shall be considered an assignment of this Agreement for this purpose. Any assignment or attempted assignment in violation of this Agreement shall be of no effect, and shall constitute a breach of this Agreement and result in the immediate and automatic termination of your license rights under this Agreement; any renewal of such rights shall, if then available, be at our sole discretion, and will be on terms and conditions applicable at the time of renewal.

DotImage PDF Reader. YOU ARE NOT AUTHORIZED TO USE THE DOTIMAGE PDF READER ADD-ON TO INTEGRATE AND REDISTRIBUTE DESKTOP APPLICATIONS THAT COMPETE DIRECTLY WITH FOXIT READER, FOXIT PDF EDITOR, PDF PAGE ORGANIZER, PDF CREATOR, PDF TEXT VIEWER,
5. SUBSEQUENT OR PREVIOUS VERSIONS OF THE SOFTWARE; MULTIPLE PHYSICAL COPIES.

(a) Future Versions. The license granted to you under this Agreement is for the current version of the Software as of the time we make such version available to you under this Agreement. We may release future versions of the Software under this Agreement or a different agreement. Nothing in this Agreement is a commitment to you of compatibility between the Software and any future versions of the Software. This Agreement shall apply to any such updated Software made available to you except as otherwise expressly agreed in connection with such updated Software.

(b) Upgrades of Previous Version. If the Software provided to you is an upgrade or revised version of Software previously provided to you under this Agreement or a predecessor agreement, you may not loan, rent, lease, or otherwise transfer the original non-upgraded Software to another user or a separate computer. If the Software is an upgrade of a component of a package of software programs that you licensed as a single product, the Software may be used and transferred only as part of that single product package and may not be separated for use by another user or on a separate computer.

(c) Multiple Physical Copies. You may receive the Software in more than one medium, for example CD-ROM or download. Receipt of more than one copy of the Software (either on physical media or by multiple downloads or otherwise) does not entitle you to any additional rights to the Software. Your rights to use the software derive from this Agreement and the Licenses related hereto, not from any rights to ownership of any tangible media, which if provided is only provided for your convenience.

6. SUPPORT OBLIGATIONS. The following provisions set forth your rights concerning maintenance and support regarding the Software. Any such services are provided only during the Maintenance and Deployment Term for which you have acquired maintenance services.

(a) General. Our support obligations for Software are comprised of the following:

(i) Maintenance Releases. We will make available to you, at no additional charge, all Maintenance Releases and Major Releases to the Software which we make generally available to our customers during your Maintenance and Deployment Term.

(ii) Versions Supported. We will not be responsible for support services for any version of the Software other than the current and previous Major Release of the Software, provided that we will support each Major Release (and the latest Maintenance Release made available with respect thereto) for a period of not less than one year from initial release of the Major Release.

(iii) Problem and Error Resolution. We will investigate all potential errors related to the Software’s non-conformance to Documentation, provided that you have notified us in writing during the Maintenance and Deployment Term. We will make commercially reasonable attempts to substantiate the existence of the problem, evaluate the seriousness of the problem’s effect on you and provide a workaround or resolution within the time frame established in the Error Reporting and Priority Guidelines. This does not guarantee that the resolution will include a software update that will resolve or fix the reported issue.

(iv) Telephone Consultation. We will provide reasonable telephone consultation to assist in the implementation and utilization of the Software during our Standard Support Hours. We may require that you submit a support request through the web support portal, depending on the classification of assistance required. Telephone consultation for licensing or other sales-related issues may be limited to our Standard Business Hours.

(b) ERROR REPORTING AND PRIORITY GUIDELINES

(i) Contacting Our Support. Requests shall be made by telephone or the web to: (413) 572-4443 or http://www.atalasoft.com/support.
(ii) **Classification of Errors.** Upon receipt of requests for support, we classify support calls on the following basis:

<table>
<thead>
<tr>
<th>Priority</th>
<th>Priorities Assigned Under These Guidelines</th>
</tr>
</thead>
<tbody>
<tr>
<td>1</td>
<td>Licensing issues related to deployment of the user’s product.</td>
</tr>
<tr>
<td>2</td>
<td>Produces an emergency situation in which the Covered Software is inoperable, or fails catastrophically.</td>
</tr>
<tr>
<td>3</td>
<td>Produces a detrimental situation in which performance (throughput or response) of the Covered Software degrades substantially under reasonable loads, such that there is a severe impact on use; one or more main functions or commands is inoperable; or the use is otherwise significantly impacted; Licensing issues not related to the deployment of the user’s product.</td>
</tr>
<tr>
<td>4</td>
<td>Produces an inconvenient situation in which the Covered Software is usable, but does not provide a function in the most convenient or expeditious manner or produces incorrect results, and the user suffers little or no significant impact.</td>
</tr>
<tr>
<td>5</td>
<td>Any other support issue, including requests for enhancement or documentation changes.</td>
</tr>
</tbody>
</table>

(iii) **Response Time.** We shall, after receipt and classification, use commercially reasonable efforts to respond during Standard Support Hours to each notification as indicated below, with a resolution of the issue as indicated below:

<table>
<thead>
<tr>
<th>Priority</th>
<th>Receipt Acknowledged</th>
<th>Resolution Goal</th>
</tr>
</thead>
<tbody>
<tr>
<td>1</td>
<td>4 Business Hours</td>
<td>1 Business Day – Correction to be issued when tested and available</td>
</tr>
<tr>
<td>2</td>
<td>4 Business Hours</td>
<td>2 Business Days – Correction to be issued when tested and available</td>
</tr>
<tr>
<td>3</td>
<td>4 Business Hours</td>
<td>Correction to be issued when tested and available</td>
</tr>
<tr>
<td>4</td>
<td>4 Business Hours</td>
<td>Correction to be included in a future release, on a business justifiable basis</td>
</tr>
<tr>
<td>5</td>
<td>4 Business Hours</td>
<td>Request may or may not be included at our discretion in a future release</td>
</tr>
</tbody>
</table>

- Receipt Acknowledged — Time for our operational staff to respond to your notification and resolution commences.
- Resolution Goal — If availability is not restored by this time, the issue will be escalated to a manager.

(c) **CONDITIONS FOR SUPPORT PROVIDED BY US.**

We provide a second level of support for those problems that you cannot reasonably be expected to resolve for yourself. Accordingly, our performance under the above criteria is conditional upon your compliance with the following conditions of support:

- You must provide (or at least disclaim any requirement of ours to provide) first line support to your users (and your customer’s users).
- You must ensure that the Software is used only in combination with other software, devices or hardware recommended or specified by us as being compatible with the Software, and ensure a stable network environment with adequate capacity. In addition, you are expected to provide a technically qualified single point of contact for coordination of support with us.
- You must install (and cause your customers to install) all Updates we make available to you. We are not responsible for support services with respect to a Software if you (or the customer) have refused to permit updating of the Software.
Software by all applicable Maintenance Releases or if you have not ensured that hardware and network services are correctly configured and operating according to specifications, and operating system software and other third party software is current, and has all manufacturer/supplier-recommended updates and patches.

- You must provide us with reasonable access (remote or on-site, as needed by us) to the equipment, the Software and all relevant documentation and records relating to a reported issue, and such reasonable assistance as we may request, including sample output and other diagnostic information, in order to assist us in providing support.

- We are not responsible for support services to the extent arising in connection with Extraordinary Circumstance.

Failure to comply with the above requirements is not a breach of your agreement with us, but does excuse us from providing related support services.

(d) Your Customers. Customers who acquire our Software though a reseller or through an Atalasoft OEM Partner must go to the entity that they acquired the Software from for their technical support services. Customers who contact our support directly will be directed back to their supplier for support and we will provide support to or through that entity partner unless (solely at our discretion) our personnel determine that it is necessary or desirable to provide support directly to the end-user customer.

(e) Services Not Included.

Support services do not include any of the following: (1) custom programming services; (2) on-site support, including installation of hardware or any software; (3) support of any Software not covered by this agreement; or (4) training.

(f) Time And Materials Services. In the event that you notify us of a problem experienced in connection with the operation of the Software, we will respond as provided above. If the cause of such problem is not an error, defect or nonconformity in the Software, you must compensate us for all work performed by our personnel in connection therewith, on a time and materials basis at our then current standard rates, unless otherwise agreed by the parties in writing at the time, plus expenses. Expenses in excess of $500 require your prior approval.

(g) Non-Atalasoft Software. Upon request and reasonable notice, we may (at our option) provide assistance in the installation or integration of non-Atalasoft software on a time and materials basis, plus expenses. Non-Atalasoft software consists of any software not created or supplied by us, including the following: new releases and updates to operating systems and other system software, and software you or a third party develop (except third party software embedded in the Software).

7. PUBLICITY. You (meaning your organization) agree to be identified as a customer of ours and agree that we may refer to you by name, trade name and trademark, if applicable, and may briefly describe your business in our marketing materials and website. You hereby grant us a license to your name and any of your trade names and trademarks solely in connection with the rights granted to us pursuant to this section.

8. PAYMENT

(a) Services; Fees. You agree to pay all charges, recurring fees, applicable taxes and other charges (collectively herein “Charges”) at the rates in effect for the billing period in which those charges are incurred based on the licensing and service agreement for which you have acquired.

(b) Payment. All payments shall be made at our address as indicated in this Agreement or at such other address as we may from time to time indicate by proper notice hereunder. All invoices are due and payable within thirty (30) days of our date of invoice. Interest shall be payable at the rate of one and one-half percent (1.5%) per month or at the maximum rate permitted by law, whichever is less, on all overdue and unpaid invoices until paid in full. All fees are denominated and to be paid in United States Dollars and are exclusive of any applicable taxes. You shall pay, indemnify and hold us harmless from all sales, use, value added or other taxes of any nature, other than personal property or taxes on or measured by our
net or gross income, including penalties and interest, and all government permit or license fees assessed upon or with respect to any fees.

(c) Billing Disputes. You must inform us of any billing problems or discrepancies within 90 days after they first appear on your account statement or invoice. If you do not bring them to our attention within 90 days, you agree that you waive your right to dispute such problems or discrepancies. Additionally, if any charges are being collected by us on behalf of a supplier, then such supplier shall be an express third party beneficiary of this section.

9. PROPRIETARY RIGHTS.

(a) Ownership of Intellectual Property. We (or our licensors) own all legal right, title and interest in and to the Software, including any intellectual property rights that subsist in the Software (whether those rights happen to be registered or not, and wherever in the world those rights may exist). The Software may contain information that is confidential to us (including without limitation any information so designated) and you shall not disclose such information to any third party without our prior written consent.

(b) Content. We obtain no right, title or interest from you (or your licensors) under this Agreement in or to any information (such as data files, written text, computer software, music, audio files or other sounds, photographs, videos or other images) (collectively, “Content”) that you or your customers transmit or display on, or through, the Software, including any intellectual property rights that subsist in that Content (whether those rights happen to be registered or not, and wherever in the world those rights may exist). You are responsible for protecting and enforcing those rights and we have no obligation to do so on your behalf.

(c) Your Service Data. We and our affiliates may collect and use technical information you provide us as a part of the support services related to the Software. We agree not to use this information in a form that personally identifies individual persons at your organization.

(d) Suggestions. You may voluntarily provide suggestions, comments or other feedback (“Feedback”) to us with respect to items or information provided by us under this Agreement. We are not required to hold your Feedback in confidence, and your Feedback may be used by us for any purpose without obligation of any kind. Incorporation of your Feedback into our materials or products does not affect our exclusive ownership of such materials by us.

(e) Notices/Protection of Proprietary Rights. You may not remove, obscure, or alter any proprietary rights notices (including copyright and trade mark notices) that may be affixed to or contained within the Software. In using the Software, you will not use any trade mark, service mark, trade name, logo of any company or organization in a way that is likely or intended to cause confusion about the owner or authorized user of such marks, names or logos. Nothing in this Agreement gives you a right to use any of our trade names, trade marks, service marks, logos, domain names, and other distinctive brand features without obtaining, in each instance, our prior written consent.

10. TERM.

(a) Term. This Agreement is effective until terminated as set forth in this section.

(b) Termination for Cause. Either party may terminate this Agreement for cause upon thirty (30) days written notice in the event the other party breaches a material provision of this Agreement, which breach is not cured within such thirty (30) day period.

(c) Unauthorized Assignment. In addition, all of your rights to access the Software under this Agreement shall automatically terminate in the event of an unauthorized assignment, as described above under “Section 4(d).

(d) Effect of Termination. Upon any termination of this Agreement, your right to use the Software terminates, but the provisions under “Limitation on Your Use”, “Proprietary Rights”, “Exclusion of Warranties”, “Indemnification”, “Limitation of Liability” and “General “ continue to apply to both of us even after termination.

11. EXCLUSION OF WARRANTIES. THE SOFTWARE IS MADE AVAILABLE “AS IS, AS AVAILABLE”. WE EXPRESSLY DISCLAIM ALL WARRANTIES OF ANY KIND RELATING TO THE SOFTWARE, WHETHER
EXPRESS OR IMPLIED, INCLUDING, BUT NOT LIMITED TO THE IMPLIED WARRANTIES OF
MERCHANTABILITY, FITNESS FOR A PARTICULAR PURPOSE AND NON-INFRINGEMENT. WE DO NOT
_PROMISE THAT YOUR USE OF THE SOFTWARE WILL BE UNINTERRUPTED, ERROR-FREE OR COMPLETELY
SECURE. YOU ALONE SHALL BEAR THE RISK AND YOU SHALL BE SOLELY RESPONSIBLE FOR ANY
DAMAGE TO YOUR COMPUTER SYSTEM OR OTHER DEVICE OR LOSS OF DATA THAT RESULTS FROM USE
OF THE SOFTWARE. NO ADVICE OR INFORMATION, WHETHER ORAL OR WRITTEN, OBTAINED BY YOU
FROM US SHALL CREATE ANY WARRANTY NOT EXPRESSLY STATED IN THIS AGREEMENT.

12. INDEMNIFICATION. You agree to indemnify, hold harmless and defend us (and our subsidiaries, affiliates, 
officers, agents, co-branders or other partners, and employees), at your expense, against any and all third party claims or 
demands, actions, proceedings and suits and all related liabilities, damages, settlements, penalties, fines costs and expenses
(including, without limitation, reasonable attorney's fees and other dispute resolution expenses) incurred by us, due to, 
arising out of or related to your use of the Software as modified in your Application, your or your Personnel’s violation of 
this Agreement, or you or your Personnel’s violation of any rights of another.

We shall defend or settle any Claim by a third party against You or Your customers that the SDK unmodified and
as delivered under this Agreement infringes any patent or copyright of the United States or a contracting state to the 
European Patent Convention (“Infringement Claim”), provided that you promptly notify Us of such Infringement Claim in
writing and gives Us full cooperation, information and sole authority to control the defense and any related settlement of
such Infringement Claim. We shall pay the cost of such defense and settlement, and any costs and damages finally awarded
by a court of competent jurisdiction against You as a result of, any Infringement Claim. If use of the SDK is enjoined under
any final award or settlement of an Infringement Claim, or if We believe such injunction may occur, We may at our option
and expense (i) procure the right to continue using the affected portion of the SDK, (ii) modify or replace the affected
portion of the SDK so the SDK becomes non-infringing, or (iii) if none of the foregoing alternatives are commercially
feasible, remove the affected portion of the SDK from this Agreement. Sections 9 and 10 set forth Our entire liability
to You with respect to infringement.

Exceptions. We shall have no liability or other responsibility for an Infringement Claim to the extent such
Infringement Claim arises from (1) any modification of the SDK not made by Us, (ii) any use of the SDK in a way not
authorized by this Agreement, (iii) any compilation, combination, or other use of the SDK with products, solutions, or
services not supplied by Us, where infringement would have been avoided but for such compilation, combination, or use,
or (iv) use of a superseded release of the SDK if the infringement would have been avoided by the use of a current release
of the SDK provided by Us to You.

13. LIMITATION OF LIABILITY.

TO THE MAXIMUM EXTENT PERMITTED BY LAW, UNDER NO CIRCUMSTANCES AND UNDER NO LEGAL
THEORY, WHETHER TORT, CONTRACT, TORT (INCLUDING NEGLIGENCE), PRODUCT LIABILITY OR
OTHERWISE, SHALL WE BE LIABLE TO YOU OR ANY OTHER PERSON FOR (A) ANY DAMAGES RELATING
TO THIS AGREEMENT, WHETHER DIRECT, INDIRECT, SPECIAL, INCIDENTAL, COVER, RELIANCE OR
CONSEQUENTIAL DAMAGES, EVEN IF WE SHALL HAVE BEEN INFORMED OF THE POSSIBILITY OF SUCH
DAMAGES OR (B) FOR ANY CLAIM BY ANY OTHER PARTY. IN THE EVENT THAT NOTWITHSTANDING
THE FOREGOING, WE ARE FOUND LIABLE TO YOU FOR DAMAGES FROM ANY CAUSE WHATSOEVER,
AND REGARDLESS OF THE FORM OF THE ACTION (WHETHER IN CONTRACT, TORT (INCLUDING
NEGLIGENCE), PRODUCT LIABILITY OR OTHERWISE), OUR LIABILITY TO YOU WILL BE LIMITED TO THE
GREATER OF $10,000 OR THE AMOUNT YOU PAID FOR THE SOFTWARE ALLEGEDLY CAUSING SUCH
DAMAGE. NONE OF OUR (OR OUR SUBSIDIARIES’ OR AFFILIATES’ OR SUPPLIERS’) OFFICERS,
DIRECTORS OR EMPLOYEES SHALL HAVE ANY LIABILITY HEREUNDER.

14. ACKNOWLEDGEMENT OF ALLOCATION OF RISK. As you know, the materials provided to you
hereunder are to be incorporated by you into products we have no control over, and sold to third party customer we have no
right to evaluate, negotiate with or communicate with. You, and not we, therefore, have essential control over circumstances
that will enable you to assess and moderate risk associated with the use of the Software. We have included the above provisions to allocate risk consistent with these realities.

You accordingly acknowledge that you understand that an essential purpose of the exclusion of warranties, the indemnification and the limitation of liability provided in this Agreement is allocation of risks between both of us, which allocation of risks is reflected in the applicable fees and other arrangements between both of us in the Agreement, and that we would not be willing to enter into this Agreement with you and license the Software to you if we were required to bear any additional risk.

15. DEFINITIONS. The following terms have specific meanings in this Agreement:

   “Application” is a software application you make which includes the Software but adds significant functionality besides that provided by the Software.

   “Build Machine” means a Server used to perform automated builds of software application (for example, a separate computer used to automatically create current versions of object based on source code modifications made by a group of Developers).

   “Business Days” means days that occur Monday through Friday, exclusive of observed holidays. If any event occurs during a Business Day, and the response is designated in “Business Days”, the deadline for such event to occur shall be prior to the end of Standard Support Hours on that number of following Business Days. For example, an event occurring on Monday (at any time) for which one Business Day response is committed is due to be responded to by 7:00pm Eastern Time Tuesday. An event occurring on Monday for which five Business Days response is committed is due to be responded to by 7:00pm Eastern time on the subsequent Monday.

   “Business Hours” has the following meaning: If any event occurs during Standard Support Hours, and the response is designated in “Business Hours”, such time period shall mean actual hours (even if such period extends beyond the normal end of Standard Support Hours). If any event occurs outside of Standard Support Hours, and the response is designated in “Business Hours”, such time period shall mean actual hours commencing upon the opening of business on the next Business Day.

   “Core” means a separate CPU core, which may be combined together in a single physical CPU.

   “Customer” means your customer to whom you sell or license the Application.

   “Developer” is defined as an individual person engaged in the development of an Application.

   “Extraordinary Circumstances” include fire, flood, earthquake, elements of nature or acts of God, acts of war, terrorism, riots, civil disorders, rebellions or revolutions, strikes, lockouts, labor difficulties, generalized internet interruptions (through denial of service, worms, telecommunications problems or the like) or any other cause beyond our reasonable control. We take commercially reasonable efforts to protect against and plan for continued service in such circumstances, but we cannot guarantee support.

   “In Use” has the following meaning: Software is “in-use” on a computer when it is loaded into temporary memory (i.e., RAM) or installed into the permanent memory (i.e., hard disk, CD-ROM, or other storage device) of that computer.

   “License” means the acquisition (and payment for) the particular use rights and with the rights and responsibilities described under this Agreement. Licenses subject to this Agreement are “SDK License”, “Developer Build License”, “Single User Client License”, and “Server License”. Each of these has the rights and limitations specified in section 3. The following licenses require contacting the Atalasoft Sales department for additional specifics and pricing: “Multi-User Kiosk License”, “Client Applet Server License”, “Cloud Application License”, “Embedded Hardware License”, “Hardware Bundled License”, and “COM Callable Wrapper License”.

   “Maintenance and Deployment Term” means the period for which you have acquired the right to software maintenance and deployment services provided under this Agreement.
“Purchase Order” means the purchase order or other document specifying the kind and quantity of Licenses and the related Maintenance and Deployment Term for Licenses hereunder.

“SDK” means the materials licensed hereunder and referred to, in the Documentation or this Agreement, as comprising or constituting the “software development kit” or “SDK”.

“sale”, “sell” and other similar terms, when used in connection with the marketing and distribution of any of the Software shall mean the licensing of such materials, and shall not be deemed for any purpose to mean a transfer of title or other rights of ownership to the Software.

“Server” is a non-user physical or Virtual computer, configured with the intention of multiple users accessing it as a service, or as a background service run as an automated process for any kind of service that has Software loaded into the server’s RAM. For example, a computer that is dedicated as a service to run a background automated process (such as a high volume scan station) and not dedicated to a user for day to day personal business activities is considered a Server license.

“Non Production Server” is a Server where access to End Users is prohibited.

“End User” is the intended user for which the Application was built.

“Standard Support Hours” means from 8:00 am to 5:00 pm, Eastern time, Monday through Friday, exclusive of observed holidays.

“Updates” means both “Major Releases” and “Maintenance Releases”. Maintenance Releases means: (1) bug fixes, (2) enhancements to the software provided by us to keep current with bug fixes and Major Updates that we make, (3) enhancements to keep current with the current hardware vendor’s operating system releases, as available from us, provided that the current hardware vendor’s operating system release is both binary and source-compatible with the operating system release currently supported by us; and (4) performance enhancements to Products. Maintenance Releases do not include new functions such as (a) new functionality in the product, (b) new applications, and (c) new presentation tools; all Updates which includes such materials are “Major Releases.”

“Virtual” computer or server means a virtualized computer with separate machine identity (primary computer name or similar unique identifier) or separate administrative rights, and commonly have an operating system and applications running within it. Several virtual computers may concurrently operate on the same physical computer.

16. GENERAL TERMS.

(a) Entire Agreement. The Agreement constitutes the whole legal agreement between both of us and governs your use of the Software (but excluding any services that we may provide to you under a separate written agreement), and completely replace any prior agreements between both of us in relation to the Software.

(b) Waiver. You agree that if we do not exercise or enforce any legal right or remedy which is contained in this Agreement (or that we have the benefit of under any applicable law), this will not be taken to be a formal waiver of our rights and that those rights or remedies will still be available to us.

(c) Severability. If any court of law, having the jurisdiction to decide on this matter, rules that any provision of this Agreement is invalid, then that provision will be removed from this Agreement without affecting the rest of this Agreement. The remaining provisions of this Agreement will continue to be valid and enforceable.

(d) Third Party Beneficiaries. You acknowledge and agree that each member of the group of companies of which we are the parent shall be third party beneficiaries to this Agreement and that such other companies shall be entitled to directly enforce, and rely upon, any provision of this Agreement that confers a benefit on (or rights in favor of) them. Other than this, and except as expressly provided otherwise in this Agreement, no other person or company shall be third party beneficiaries to this Agreement.
(e) **Governing Law.** This Agreement, and your relationship with us under this Agreement, shall be governed by the laws of the state of Delaware without regard to its conflict of laws provisions. Both of us agree to submit to the exclusive jurisdiction of the courts located within the state of Delaware to resolve any legal matter arising from this Agreement. Notwithstanding this, you agree that we shall still be allowed to apply for injunctive remedies (or an equivalent type of urgent legal relief) in any jurisdiction.

(f) **Changes to This Agreement.** We may make changes to this Agreement from time to time to update it, for example to add references to additional License types or terms or different products and services. Unless otherwise specified, the amended or updated terms will only apply to Licenses you acquire after the effective date of such amendment. When these changes are made, we will make a new copy of this Agreement available to you as part of the Purchase Order process.
Exhibit A

Products that can be Deployed to Single User Client Licenses Royalty Free with an Active Maintenance and Deployment Term for the Products Specified

DotImage Document Imaging
DotImage Photo Pro
DotImage Photo
DotImage PDF Reader (all editions)
DotImage Barcode Reader (all editions)
DotImage Barcode Writer
DotImage CAD Reader
DotImage JPEG2000 Codec (all editions)
DotImage JBIG2 Codec
DotImage DICOM Codec
DotImage OCR Module, *Tesseract Engine
DotImage Forms Processing
DotTwain
DotPdf
WingScan (all editions)
DotImage PDF Bundle
Office Reader
EZTwain
EZTwain Pro
DotViewer

Products that cannot be Deployed to Single User Client Licenses Royalty Free

*Note that Glyph Reader OCR and ABBYY OCR & ICR are offered at prices as made available separately by Atalasoft. All other Atalasoft products are available for additional fees as otherwise provided by Atalasoft. All products must be purchased in advance from Atalasoft prior to deployment.

*Note that Atalasoft MobileImage SDK licenses also requires additional purchase of associated image volumes, device-based licensing, and other license types as quoted and confirmed by Atalasoft.
